

IVORI WHITE WINE 2020

Fruity white wine, pleasant, elegant, with character !

Alella Vinícola is the cellar whose wines have brought renown to the town of **Alella since 1906**. We currently produce, make and bottle wines and cavas in two designated origins, namely **D.O. ALELLA** and **D.O. CAVA**.

Like the cellar itself, most of the vineyards we use are located in the centre of the town of Alella, the heart of the designated origin, 15 kilometres to the north of the city of Barcelona. We market wines, rich wines, sweet wines and cavas under different brandnames, such as **MARFIL**, **IVORI**, **VALLMORA** and **VIOLETA**. Our wines are characterised by the **Mediterranean climate**, the **area's singular geological nature** and the striking traits of the **varieties typical** of our designated origin.

Marfil SEC is one of our white wines that has been sold worldwide for one hundred years. In the past, it used to be produced aged in large capacity wooden casks for more than three years, so Pansa Blanca acquired a very special personal bouquet which was highly valued during most of the XXth century. In the last few decades, the market tendencies have gradually had an influence on the vinification techniques of this wine, and the ageing in wood slowly but surely disappeared, paving the way for and giving prominence to the fruit, **Pansa Blanca**, which, without losing its fullness on the palate, gained in primary freshness and aromas of fresh white, aniseed-flavoured and, in certain years, floral and sweeter fruit.

Bright straw colour with a light golden hue. Intense nose, aromatic with herbal notes like mint, lemon, lime and fresh apple. Good grip on the palate, fine extract and acidity with an herbal spiciness, crisp fruit, bold texture and good length.

Winemaker: Xavier Garcia

Vineyard: Viña Rials

Climate: Maritime Mediterranean

Soil: Granites ("sauló")

Grapes: 100% Pansa blanca

Vine aged: 22 years

Height and exposition: 100 m, EST

Purging: Royat doble

Farming: organic without herbicide, insecticide and inorganic fertilizers

Yield: 25 Hl/Ha

Aged: 20% aged in oak barrels and the rest in inox 6 months on lees

Alcohol : 12,5 % vol.

Annual Production: 10.000 bottles

Agenig potential: drink now or mature for up 4 years
